DESCRIPTION

- For constant and accurate crimping of mechanical, electrical and electronic connectors.
- Perfectly positions the wire in the terminal. The position of the crimping dies provides excellent visibility when inserting the connector and wire.
- Die release system for easy die changing without special tooling.
- Make your life easier with this ergonomic and compact tool, allowing the same crimpers to be used with dies organized in their modular holder.
- Ideal for all installers or maintenance technicians who wish to lighten their toolbox and save time during intervention.
