DESCRIPTION

- First product in a series of smart, connected professional automotive tools as part of the FACOM 'Garage of the Future' initiative.
- High performance: NORMAL 6.5h constant lighting (300 lumen / 400 lux at 0.5 m), BOOST 3.5h constant lighting (600 lumen / 700 lux at 0.5 m).
- Robust design: Impact-resistant casing (IK08). Resistant to workshop solvents and common chemical products, and being immersed in water (IP67).
- Alarm is triggered when the battery charge level is low, avoiding the risk of the user leaving the light behind after a repair.
- Unique rotating base allows the light to be angled precisely in awkward or limited spaces, for maximum flexibility
- Versatile design allows up to six lights to be used together at any one time thanks to multiple frequency channels

Weight	350g
