Product page link > <https://facom.com.pl/en/25434-jls2-pm2bs-jetline-metal-worktop-1455-mm-black.html>

DESCRIPTION

- Metal panel covered with a non slipping rubber mat.
- Perfect for the computer station, the worktop is integrating dedicated holes for cables.
- When you are using the computer unit JLS2-MBSPC alone (lower part), you can install your screen, without threads laying around.
- When you combine the base unit JLS2-MBSPC and the monitor cabinet JLS2-MHSPC, the passage of cables is done directly and discreetly.
- Epoxy painted
- Fast and easy assembly.
- Capable of supporting loads: 250 kg.
