DESCRIPTION

- The JET.WA14M3 wooden top covers the entire surface of an M3A cabinet.
- By sliding the wooden top, you can access the handle and create an extension.
- You can also place the JET.WA14M3 on an M4A trolley; you only cover the aluminum surface and the two handles are then accessible.
- You can also place the JET.WA14M3 on an M5A trolley; you cover part of the aluminum surface and the two handles are then accessible.
- Compatible with JET (serie 2021).
